Librarian

Support Scholarly Communication

Infrastructures

- repositories
- data repositories
- publication platforms

Trainings

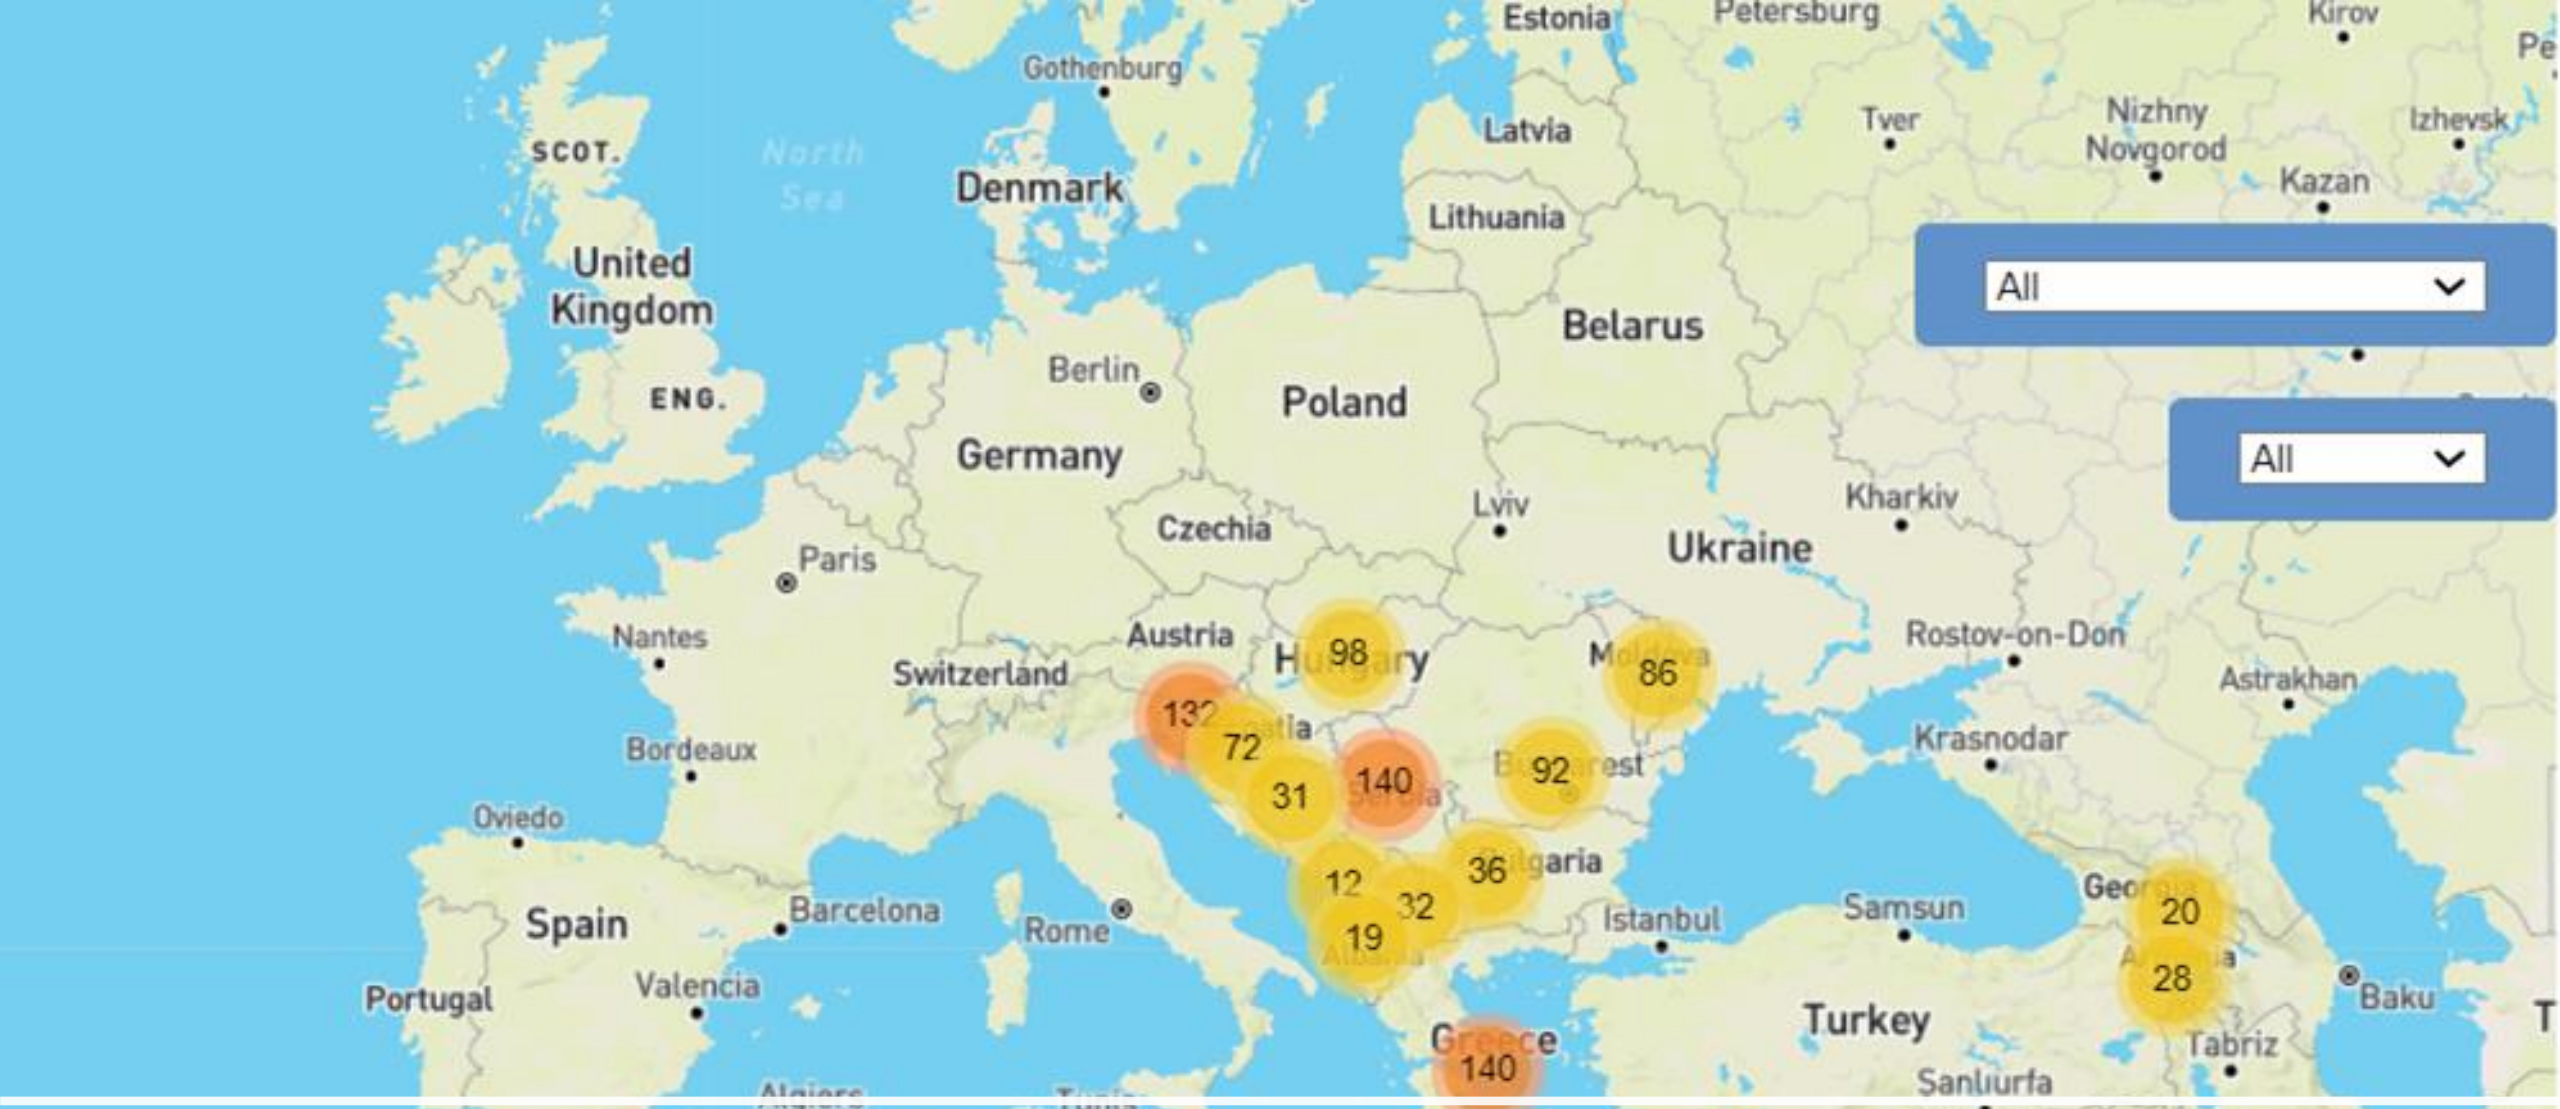

- tools
- services
- Research integrity
- FAIR data
- EOSC

Promoting the benefits of OS and EOSC

Role of NI4OS- Europe in EOSC landscape

**EUROPEAN OPEN
SCIENCE CLOUD**

Mapping the stakeholder groups

HUNOR's RDM Meetup series

**UNIVERSITY of
DEBRECEN**

National Research Development and Innovation Office

- main research funder in Hungary

HUNOR (Hungarian Open Repositories) Working Group

- specialists on open science topics and workflows
- effectively support the Hungarian researcher community

RDM Meetup

- Basics of openness and FAIR data principles
- Get familiar with tools and services by own experience
- Have ideas on the benefits of DMPs
 - established a framework
 - Identifying needed resources
 - better time management
 - lower costs

It's time for
questions
